The result of the evaluation has been presented in its entirety to the Nomination Committee. 4. The motivated statement by the Nomination Committee to the Board of Directors, auditor and fees to the Board members

When preparing the proposal of Board members, the Nomination Committee considers the individual competence and experience of each proposed Board member as well as that they shall work well together and have the required range in both background and knowledge. The Nomination Committee especially consider the value of diversity and the balance between the need for renewal and continuity in the Board of Directors. In its efforts to achieve diversity the Nomination Committee in particular, consider the value of gender balance.

The Board's evaluation of the Board of Directors and their work has been provided the Nomination Committee. The evaluation showed that the Board of Directors is well functioning, the attendance rate at Board meetings is high and that all Board members demonstrated a high level of commitment. In its own evaluation the Nomination Committee, assessed the current Board members to represent a wide range of expertise with sound industry knowledge, extensive financial know-how and knowledge regarding international conditions and markets.

All Board members, except Sofia Hasselberg who has declined re-election, have declared that they are available for re-election.

Based on the results of the evaluation reviewed by the Nomination Committee, and the demands placed on the Board according to assessment by the Nomination Committee concerning Getinge's position and future focus, the Nomination Committee has assessed that it is not needed to propose any Board member for new election, and the Nomination committee has therefore proposed that the number of Board members elected by the General Meeting shall be nine.

When assessing the composition of the Board members the Nomination Committee has assessed that, the Board members that have declared that they are available for re-election

still possess broad competence within fields that are important for Getinge and that continuity among these Board members are of importance for the continued development of Getinge. The Nomination Committee has therefore proposed re-election of all Board members that have declared that they are available for re-election: Johan Malmquist, Carl Bennet, Johan Bygge, Cecilia Daun Wennborg, Barbro Fridén, Dan Frohm, Mattias Perjos, Malin Persson and Kristian Samuelsson.

The Nomination Committee has also assessed the independence of the Board members. The Nomination Committee considers that its proposal for composition of the Board members of Getinge fulfils the requirements of independence as stipulated in the Code. When preparing its proposal, the Nomination Committee has considered that Mattias Perjos, as CEO, is to be considered as dependent in relation to the company and the executive management. Carl Bennet and Dan Frohm are to be considered as dependent in relation to Getinge's major shareholders. The other proposed Board members – Johan Malmquist, Johan Bygge, Cecilia Daun Wennborg, Malin Persson, Barbro Fridén and Kristian Samuelsson – to be independent in relation to the company and the executive management as well as the major shareholders.

The Nomination Committee has applied rule 4.1 of the Code as diversity policy in the development of the proposal to the Board. The proposed Board is considered to have an appropriate size. The Nomination Committee considers the proposed Board members together hold the diversity and extensive competence, experience and background required and the composition to be appropriate in relation to the company's operations, phase of development and other circumstances, including relevant sustainability aspects. The Nomination Committee has assessed that the proposed Board members will be able to devote the time required to fulfill the assignment as a Board member of Getinge. The Nomination Committee strives for gender balance, which is given special consideration in connection with new-election of Board members. The proposed Board member comprise 3 women and 6 men (corresponding to approximately 33 and 67 percent, respectively), entailing that there is room for improved gender balance.

Further, the Nomination Committee proposes re-election of Johan Malmquist as Chairman. The Nomination Committee assess Johan Malmquist, with his significant experience from the company and Board work, has proven to be well suited to organize and direct the Board work.

The Nomination Committee has conducted an evaluation of the fees paid to the Board members. The basic principle for the fees to the Board is that the compensation shall be reasonable and sufficiently competitive to attract competent and experienced Board members. The level of compensation shall reflect the responsibility and time the Board assignment require. The Nomination Committee proposes the fees to be adjusted in accordance with the proposal to the 2022 AGM. The proposal by the Nomination Committee entail an increase of approximately 3% compared to the fees resolved at the 2021 AGM.

In accordance with the recommendation by the Audit and Risk Committee, the Nomination Committee has resolved to propose reelection of PricewaterhouseCoopers AB as auditor for the upcoming mandate period and fees to the auditor shall be paid in accordance with approved invoice.
