EB1004-Rev3 (02/2019)

ivNow-3 warms  
140 liters in a 12 hour period.

## WARM ANYWHERE

Warm fluids easily and cost effectively in every department. Flexible mounting options make ivNow well suited for Labor & Delivery, ED, OR, PACU, ICU, NICU — and everywhere in between.

ivNow fluid warmers record each bag's warming time to increase safety, comply with healthcare regulations and reduce waste. Save space in patient rooms, surgery centers, and labor and delivery units with these compact units. Simplify procedures by keeping fluids warm and ready to go at the point of care. You can now adjust the settings specific to the medium being warmed.

## ivNow® MODULAR FLUID WARMERS

 enthermics®  
An ISO 13485:2016 certified company

# RECORDS THE SHELF LIFE AND TEMPERATURE OF EVERY IV BAG

## ivNow-1

- Total capacity: 1 bag
- Exterior size: 7.1" H; 13.2" W; 8.0" D
- Countertop, pole, cart or wall mount available

## ivNow-2

- Total capacity: 2 bags
- Exterior size: 14.2" H; 13.2" W; 8.0" D
- Countertop, pole or wall mount available

## OPTIONS

**Custom build to fit your warming needs.** The ivNow can be ordered in a 1, 2 or 3 pod configuration. You can now separate the pods or build on to the individual ivNows to strategically place for your application.

Mount ivNow on pedestal stands, heavy duty mobile equipment pole stands and mast arms, anesthesia carts, or on walls using the provided back plate and additional mounting brackets.

## ivNow-3

- Total capacity: 3 bags
- Exterior size: 21.2" H; 13.2" W; 8.0" D
- Countertop, pole, cart or wall mount available

## ivNow®

### Warm fluids when and where you need them

Improve processes and recovery time by efficiently warming patients from admission to discharge. Convenient, easy-to-use ivNow® Fluid Warmers quickly heat and maintain safe temperatures of intravenous fluids while saving space and staff time.
